Clear Space and Minimum Size

To ensure maximum clarity, the logo should be surrounded by a margin of clear space. All sides of the logo placement must have a space of **15mm**.

The signature **should not** be used in any size smaller than **40 mm** width.

40mm - Minimum Size

Incorrect Usage

Shown here are some examples of unacceptable modifications of the brand signature.

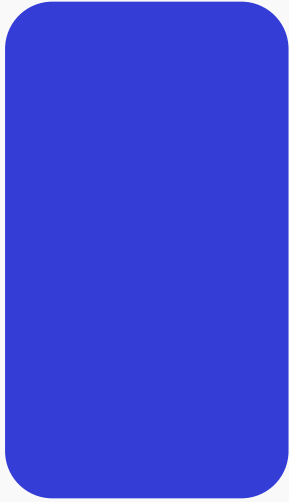

Never place the signature on a complex background.

Never reproduce with outer glow. A slight drop shadow would do.
